

Wethje Carbon Composites GmbH

About this organisation

Machine translation

This profile has been machine-translated based on data provided in German.

Wethje Carbon Composites GmbH specialises in the development, design and production of carbon composite materials for automotive, racing, aerospace and industrial applications.

As a supplier to numerous premium OEMs and Tier 1 companies, Wethje manufactures structural components such as monocoques as well as outer skin parts and body works, e.g. carbon roofs, bonnets as visible components or Class A parts. Working closely with customers, the company offers complete solutions from concept to series production of complex composite components.

Organisation type

Small or medium-sized enterprise

Sectors

Employees

250 up to 499

Turnover

€10m - €50m

Funding

n/a

Main areas covered	Structural components e.g. monocoque, Outer skin e.g. roof, bonnet, Structural components Aviation, Aviation interior panelling, Overhead Compartment
---------------------------	---

Infrastructure	In-house painting, Test laboratory, CMM
-----------------------	---

Certifications	ISO 9001, 9100
-----------------------	----------------

Keywords	RTM, PCM, SMC / High performance SMC, Autoclave, Lost wax process
-----------------	---

Memberships	
--------------------	--

Overview of lightweighting expertise

Machine translation

This profile has been machine-translated based on data provided in German.

	Research	Development	Manufacturing & Supply
Offer			
Products Parts and components, Semi-finished parts, Tools and moulds		✓	✓
Services & consulting Training, Consulting, Engineering, Prototyping, Validation		✓	✓
Field of technology			
Design & layout Lightweight manufacturing, Lightweight design, Hybrid structures, Lightweight construction concepts		✓	✓
Functional integration Material functionalisation		✓	✓
Measuring and testing technology Component and part analysis		✓	✓
<i>Modelling and simulation</i>			
Plant construction & factory automation Automation technology	✓		
<i>Recycling technologies</i>
