

About this organisation

Machine translation

This profile has been machine-translated based on data provided in German.

DHOLLANDIA Deutschland is your partner in Europe for lifts, tail lifts and tail lifts. DHOLLANDIA, as the largest European manufacturer, has been producing lifts, tail lifts and tail lifts for over 40 years. The very large product range with lifts from 300kg up to heavy-duty tail lifts with a lifting capacity of 9000kg offers the right tail lifts for almost all applications.

Thanks to our lightweight design, we are able to produce tail lifts that are even more weight-reducing and cost-efficient, but just as stable. This gives you, the customer, more payload for the vehicle.
