

Dürkopp Adler AG

Industrial

About this organisation

Machine translation

This profile has been machine-translated based on data provided in German.

Dürkopp Adler AG, based in Bielefeld, is active in mechanical engineering together with its sister company PFAFF Industrial in Kaiserslautern. Sewing machines, systems and robots are developed, manufactured and sold within the Group. In the field of carbon processing, the Group supplies the automotive and aviation industries through its subsidiary KSL in Lorsch, among others.

Dürkopp Adler AG and its sister company PFAFF Industrial offer sewing and welding machines for joining textile and flexible materials. The materials processed include fleece, carbon, aramid and other textiles, but also leather for vehicle interiors, for example.
