BFA Finishing and dry construction

About this organisation

Machine translation

This profile has been machine-translated based on data provided in German.

Association of leading drywall and lightweight construction companies in Germany

Supporting companies and creating a technical and professional basis for the planning, project planning, coordination and realisation of lightweight construction projects

Kurfürstenstraße 129 10785 Berlin Berlin Germany

☑ www.bauindustrie.de/themen/bundesfachabteilungen/ausbau-trockenbau/

Organisation type

Association, Chamber of industry and commerce

Sector

Employees

500 and more

Turnover

More than €50m

Funding

n/a

Main areas covered Market development, Construction, Promotion

Infrastructure

Certifications

Keywords

Memberships

BFA Finishing and dry construction

Overview of lightweighting expertise				
Machine translation				
This profile has been machine-translated based on data provided in German.				
	Research	I Development	Manufacturing & Supply	
Offer				
Products Parts and components			✓	
Services & consulting Training, Funding, Standardisation			✓	
Field of technology				
Design & layout Lightweight manufacturing, Lightweight design, Lightweight construction concepts		~	✓	
Functional integration				
Measuring and testing technology				
Modelling and simulation				
Plant construction & factory automation				
Recycling technologies Material separation, Recycling			✓

BFA Finishing and dry construction

Machine translation This profile has been machine-translated based on data provided in German.					
Manufacturing process					
Additive manufacturing					
Coating (surface engineering) Painting			✓		
Fibre composite technology					
Forming					
Joining Adhesive bonding, Riveting, Screwing			✓		
Material property alteration					
Primary forming					
Processing and separating Drilling, Turning, Sawing, Shearing/punching, Grinding, Cutting		~	✓		
Textile technology Textile surface treatment and finishing,			✓
