About this organisation

Machine translation

This profile has been machine-translated based on data provided in German.

Working group & project group consisting of OEMs and raw material manufacturers and suppliers, including Arkema, BASF, Covestro, Dupont, Evonik, IVW, Lanxess/Bond Laminates, Sabic and Tencate.

The aim of the working group is to establish continuous fibre-reinforced thermoplastics in the automotive sector. A project group has currently been set up to deal with the efficient, robust and uniform characterisation of continuous fibre-reinforced thermoplastics and their transfer to standards.

Am Hauptbahnhof 10 60329 Frankfurt am Main Hesse Germany
