

About this organisation

Machine translation

This profile has been machine-translated based on data provided in German.

Global manufacturer of industrial computed tomography systems. We offer standardised products and customer-specific solutions, ranging from high-resolution microfocus systems to powerful high-energy CTs with linear accelerators. The systems can be combined with in-situ modules (mechanical, thermal and chemical load). We also offer services on our own systems.

Extensive experience in the development and realisation of CT systems for general applications (laboratory) or specific tasks (series testing).

Ruhrallee 14
45525 Hattingen
North Rhine-Westphalia
Germany
www.diondo.com

Organisation type
Small or medium-sized enterprise

Sectors
No specific sector

Employees
10 up to 49

Turnover
€2m - €10m

Funding
n/a

Main areas covered
Industrial computed tomography

Infrastructure
Micro-CT for services, 450kV CT for service, 600kV CT for service

Certifications
ISO 9001

Keywords
X-ray, test, measure, NDT, Computed tomography, CT, DR, non-destructive, radiography, Metrology, geometry, 3D, 2D, Reverse engineering

Memberships
