

## About this organisation

### Machine translation

This organisation has been machine-translated based on data provided in German.

REHAU Industries forms the umbrella for the Building, Window, Interior and Industrial Solutions divisions, which operate independently in their respective markets, as well as the cross-divisional REHAU Services & Solutions units. More than 12,000 employees worldwide work together to further improve life through the use of innovative, sustainable technologies for the construction, furniture and industrial sectors.

REHAU develops a wide range of profiles and profile-based systems for lightweight construction. Manufacturing processes such as extrusion and reactive thermoplastic pultrusion are used here. REHAU also offers expertise in the manufacture and use of thermoplastic-based sandwich panels. The versatile areas of application range from the transport, construction and outdoor sectors to the furniture sector.
