About this organisation

Nemak is a leading provider of innovative lightweighting solutions for the global automotive industry, specializing in the development and manufacturing of aluminum components for e-mobility, structural applications and powertrain. In 2022, Nemak generated revenue of US\$4.7 billion. Nemak employs more than 24,000 people at 38 locations in 15 countries.

Nemak works in a process-oriented manner, covering design & engineering, tooling, casting and machining through to assembly.

Overview of lightweighting expertise			
	Research	N Development	Manufacturing & Supply
Offer			
Products Parts and components, Materials, Tools and moulds	~	✓	~
Services & consulting Prototyping, Validation, Simulation		✓	✓
Field of technology			
Design & layout Lightweight construction concepts	✓	✓	✓
Functional integration Media conductivity	✓	✓	✓
Measuring and testing technology Component and part analysis, Visual analysis (e.g. microscopy, metallography), Environmental simulation, Materials analysis	✓	✓	~
Modelling and simulation Crash behaviour, Loads & stress, Optimisation	✓	✓	✓
Plant construction & automation			
Recycling technologies Recycling	✓	✓	✓
