

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

Homanit specialises in the production of thin fibreboards. MDF/HDF HOMADUR boards are manufactured in a continuous process from domestic thinning and sawing residues. Customised further processing of any kind, up to the finished product if required, is a service provided by the company.

HOMADUR boards have proven themselves many times over as cover layers for sandwich lightweight construction elements (Board on Stile - BOS/Board on Frame - BOF), wall panelling, rear walls, shelves, in the furniture, construction and automotive sectors.

Losheimer Straße 109
66679 Losheim am See
Saarland
Germany
www.homanit.de

Organisation type
Large enterprises

Sectors
A row of four small black icons: a car, a building, a truck, and a motorcycle.

Employees
250 up to 499

Turnover
More than €50m

Funding

Main areas covered Wood fibre boards, Cover layers for sandwich elements, MDF, HDF

Infrastructure Fibreboard production, Prototype construction, Technology Centre, Refinement

Certifications ISO 9001, ISO 50001, IWAY

Keywords Hardboard, HDF, BOS, BOF, Board on Frame, Board on Stile

Memberships

Overview of lightweighting expertise
