

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

We are DHE - a family-run company from the Ore Mountains with branches in Bavaria and Franconia. We are active throughout Germany in our passion for customised and comprehensive technical building services. This involves tricky solutions for heating, ventilation/air conditioning and plumbing in new-build homes and the energy-efficient refurbishment of existing homes.

The lightweight construction competences result primarily from the fact that, especially in multi-storey buildings, the sanitary installations must be designed in such a way that they save space and are as light as possible.

Max-Wenzel-Straße 12
09427 Ehrenfriedersdorf
Saxony
Germany
