### About this organisation

#### Machine translation

This organisation has been machine-translated based on data provided in German.

Hydro Aluminium Rolled Products is a leading manufacturer of advanced aluminium rolled products. 100+ years. ~1 million tonnes per year. ~4,000 employees in Germany, Norway and service teams in Europe, Asia, America. For lighter, sustainable construction of more efficient cars, trucks, ships, trains etc., durable building sheet, appliances and equipment - more and more of which we recycle ourselves, again and again. Low-carbon aluminium.

In-house research & development with >100 employees in Bonn. More than 100,000 tonnes of aluminium strip per year for automotive applications alone, including structure, chassis and interior applications through to heat exchangers. Focus on bodywork, especially body in white/outer skin. Large-scale production facility in Grevenbroich inaugurated in 2017 with skin pass, continuous annealing and coating systems. In-house trimming and cutting processes. Supplier for many well-known car manufacturers, especially in Europe. Qualified development partner for e-mobility and battery technology with expertise and optimised solutions for e.g. conductivity for electricity or heat, formability, robustness, etc. Further rolling mills in Neuss (Alunorf), Hamburg and Norway. Plants in Holmestrand/NO and Grevenbroich with lines for function-optimised coatings. Growing supply from recycling with own plants and recycling solutions. ASI-certified for Chain of Custody.

Aluminiumstraße 1  
41515 Grevenbroich  
North Rhine-Westphalia  
Germany

## Hydro Aluminium Rolled Products GmbH

### About this organisation

<b>Main areas covered</b>	Rolled aluminium products, Aluminium strip and aluminium foil, Material development, Body panels, Functional surfaces
<b>Infrastructure</b>	In-house research and development, R&D centre with 100+ employees, Materials and forming test laboratories, Corrosion laboratory, Metallography
<b>Certifications</b>	IATF 16949:2016 until 20 June 2021 GRV, ISO 9001:2015 until 5 June 2023, ISO 14001:2015 until 25 March 2023, IATF 16949:2016 until 1 November 2021 HH
<b>Keywords</b>	Aluminium materials, E-mobility, Car body, Strips and sheets, Recycling
<b>Memberships</b>	GDA Aluminium industry, European Aluminium, ECCA - European Coil Coating Assoc.

### Overview of lightweighting expertise
