### About this organisation

#### Machine translation

This organisation has been machine-translated based on data provided in German.

DELCOTEX develops and produces technical textiles for various branches of industry in its weaving mill. With a total of 170 employees at the production site in Bielefeld, innovative textile solutions are developed and woven for the European market. With an extensive range of machinery and 2 state-of-the-art weaving machines, DELCOTEX has grown to become the market leader in Europe.

DELCOTEX scrims fulfil various functions as component structure reinforcement in modern automobiles. Thanks to their low weight, high strength and abrasion resistance, scrims offer enormous added value compared to conventional material concepts.
