

Gummiwerk KRAIBURG GmbH & Co. KG

About this organisation

Gummiwerk KRAIBURG GmbH & Co. KG is a leading manufacturer of rubber and silicone compounds. Since 1947, Gummiwerk KRAIBURG has been developing and producing customized solutions to meet the demands of today and tomorrow.

With KRAIBON®, a thin film of non-cross-linked rubber, the company offers customized solutions for the lightweight construction concepts in various industries. This high-tech material not only enhances acoustics, but also significantly improves impact and shatter resistance, leading to increased efficiency and reliability of components. Its flexible processing in various shapes and materials allows the realization of complex design requirements.

Teplitzer Str. 20
84478 Waldkraiburg

Organisation type

Small or medium-sized enterprise

Sectors

Others:

Employees

250 up to 499

Turnover

n/a

Funding

n/a

Main areas covered

Compounds for the automotive industry, Aerospace and wind power, Industrial applications, Composites industry, mechanical engineering, and construction, as well as coating for rollers

Infrastructure

Laboratory and Technology Center, Mixer lines for black and colored compounds, Roller head and calender units, Strained and extrusion units, Silicone and small batch Production

Certifications

ISO 9001:2015 (Quality Management), ISO 14001:2015 (Environmental Management), ISO 50001:2018 (Energy Management), ISO 45001:2018 (Occupational Health Management), EcoVadis (Silver)

Keywords

Rubber, Elastomers, Compounds, Silicone, KRAIBON®

Memberships
