This organisation has been machine-translated based on data provided in German.

Development and production of light alloy wheels for the international automotive market.

The family-owned company BORBET with the companies BORBET GmbH, BORBET Austria GmbH, BORBET Sachsen GmbH, BORBET SA (PTY) Ltd, BORBET Thüringen GmbH and BORBET Vertriebs GmbH designs, develops, produces and markets light alloy wheels with the highest quality standards for the international automotive industry and the specialised trade. We have been fulfilling this claim for decades through state-of-the-art manufacturing processes, patented and innovative production technologies, an efficiently organised integrated management system and, last but not least, competent and motivated employees.

Hauptstraße 5
59969 Hallenberg
North Rhine-Westphalia
Germany

www.borbet.de

Organisation type

Large enterprises

Sectors

Employees

500 and more

Turnover

More than €50m

Funding

n/a

Main areas covered

Development, Production, Light alloy wheels, Automotive supplier

Infrastructure

Aluminium foundry, Surface treatment, Development / Construction, Component testing

Certifications

IATF 16949:2016, ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, ISO 50001:2018

Keywords

Light alloy wheels, Family business, Casting technology, Technology pioneer, Market leader

Memberships

EUWA, ASI, GDA, ETRTO, VDA, VDAT

Overview of lightweighting expertise

Machine translation

This organisation has been machine-translated based on data provided in German.

	Research	Development	Manufacturing & Supply
Offer			
Products Parts and components, Tools and moulds		✓	✓
Services & consulting Training, Distribution, Testing and trials, Engineering, Validation, Simulation	✓	✓	✓
Field of technology			
Design & layout Lightweight manufacturing, Lightweight design	✓	✓	✓
<i>Functional integration</i>			
Measuring and testing technology Component and part analysis, Visual analysis (e.g. microscopy, metallography), Materials analysis, Destructive analysis, Non-destructive analysis	✓	✓	✓
Modelling and simulation Loads & stress, Optimisation, Processes		✓	✓
<i>Plant construction & automation</i>			
Recycling technologies Recycling		✓	✓
