

Läpple Automotive GmbH

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

LÄPPLE Automotive GmbH is one of the pioneers when it comes to lightweight body construction in the automotive industry.

Every year, LÄPPLE processes over 5,000 tonnes of aluminium. In order to exploit the potential of modern lightweight construction solutions, LÄPPLE conducts intensive research in the field of aluminium, magnesium and CFRP processing with a focus on innovative forming and joining technologies.
