About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

Leading supplier for caravan and motorhome interior fittings and lightweight construction elements. The main raw materials for our products are wood, PUR, PET and other plastics.

We focus on low-cost processes that can be produced in small batch sizes using the raw materials wood, PU, PET and other plastics. The processing of various composite and sandwich solutions, including decorative properties, gives us a unique position, particularly among suppliers to the motorhome industry. Increasingly, our products are also being used in commercial vehicles, office furniture and other areas. High quality standards, small batch sizes and the price sensitivity of our motorhome customers spur us on to develop solutions below the price range of expensive hightech solutions.

In Aufzügen 11 72818 Trochtelfingen Baden-Württemberg Germany

About this organisation

Main areas covered	Interior fittings for leisure vehicles, Recreational vehicle construction parts, Furniture parts shipbuilding, Interior fittings for commercial vehicles, Office furniture construction
Infrastructure	
Certifications	ISO 9001, ISO 50001, FSC, ISO 14001
Keywords	Lamination, Composite, PES, Fleece
Memberships	CIVD
