

Fraunhofer Institute for Production Systems and Design Technology

Joining and coating technology

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

As a production technology R&D partner with strong IT expertise, the Fraunhofer Institute for Production Systems and Design Technology IPK offers system solutions, individual technologies and services for digitally integrated production.

R&D Lightweight construction in automotive engineering (car body)

Pascalstraße 8-9
10587 Berlin
Berlin
Germany
www.ipk.fraunhofer.de

Organisation type

Non-university research institution

Sector

Employees

250 up to 499

Turnover

n/a

Funding

n/a

Main areas covered Manufacturing, Digital Engineering, Production management, Production processes and systems, Automation

Infrastructure 3500 square metre central test field, 9500 square metres in the entire PTZ, Specialised laboratories, ~ 100 test stands

Certifications DQS-certified according to ISO 9001:2015

Keywords High-strength steel, DP 1200, DP 1000, Tailor Welded Blanks TWB

Memberships

Fraunhofer Institute for Production Systems and Design Technology

Joining and coating technology

Overview of lightweighting expertise

Machine translation

This organisation has been machine-translated based on data provided in German.

	Research	Development	Manufacturing & Supply
Offer			
Products Systems and end products, Materials, Tools and moulds	✓	✓	✓
Services & consulting Testing and trials, Engineering, Prototyping, Validation, Simulation, Technology transfer	✓	✓	✓
Field of technology			
<i>Design & layout</i>			
<i>Functional integration</i>			
<i>Measuring and testing technology</i>			
Modelling and simulation Life-cycle analysis, Optimisation, Processes, Structural mechanics, Materials	✓	✓	✓
<i>Plant construction & automation</i>			
<i>Recycling technologies</i>
