

Cooper Standard

CooperStandard GmbH, Lindau/B

About this organisation

Cooper Standard, headquartered in Northville, Mich., is a leading global supplier of systems and components in diverse transportation and industrial markets. Products include sealing, fuel and brake delivery and fluid transfer systems. Cooper Standard employs approximately 25,000 people globally and operates in 21 countries around the world.

CooperStandard offers products with lightweight approaches through foamed materials like sponges, microdense and ultra microdense grades. Also products based on FORTEX - the CooperStandard developed and branded material class exhibit excellent lightweight properties.

Organisation type

Large enterprises

Sectors

Employees

500 and more

Turnover

More than €50m

Funding

Main areas covered

Sealings with Sponge , Sealings with Microdense

Infrastructure

Tec-Center, Material Laboratory, Prototyping Extrusion, Prototyping Molding

Certifications

IATF 16949

Keywords

Memberships

WDK, DKG

Overview of lightweighting expertise

	Research	Development	Manufacturing & Supply
Offer			
Products Parts and components, Semi-finished parts, Systems and end products, Materials		✓	✓
Services & consulting Testing and trials, Prototyping		✓	✓
Field of technology			
Design & layout Hybrid structures		✓	✓
Functional integration			
Measuring and testing technology			
Modelling and simulation Structural mechanics, Materials		✓	✓
Plant construction & automation			
Recycling technologies			
Manufacturing process			
Additive manufacturing			
Coating (surface engineering)			
Fibre composite technology			
Forming			
Joining			
Material property alteration			
Primary forming Extrusion, Injection moulding		✓	✓
Processing and separating			
Textile technology
