Machine translation

This organisation has been machine-translated based on data provided in German.

Ford-Werke GmbH is a German automobile manufacturer and mobility provider based in Cologne. The company employs around 19,800 people at its sites in Cologne, Saarlouis and Aachen. Since its foundation in 1925, Ford-Werke has produced more than 47 million vehicles.

The development centre is located in Cologne-Merkenich, while vehicle production takes place at two German sites in Cologne-Niehl and Saarlouis. In addition, the Research and Innovation Centre (RIC Aachen) is located in Aachen, where research issues relating to lightweight construction, simulation methods, new materials and manufacturing processes are addressed. The RIC Aachen has extensive experience in national and European publicly funded projects (e.g. Light-eBody, Smart Lightweight Composite Materials, OASIS).
