

Wagenfelder Spinnereien GmbH

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

Wagenfelder Spinnereien GmbH is a staple fibre spinning mill with a dyeing plant that processes natural fibres such as wool, linen, cotton and also man-made fibres such as polyester, acrylic, polyamide, aramid, etc. Yarns are spun for a wide variety of industries. We use the spinning technology that offers the greatest benefit for the end application. The following are available: carded yarn, rotor yarn, semi-worsted yarn, rewinding yarn, airjet.

Specialisation has taken place in the area of spinning recycled carbon fibres. Yarns are spun in an intimate blend with thermoplastic fibres for the thermoplastic sector, as well as yarns in almost 100% rCF for the thermoset sector.

Maschweg 1-7
49419 Wagenfeld
Lower Saxony
Germany

Organisation type

Large enterprises

Sectors

Others: Reinigungstextilien
Filtertextilien Schutzbekleidung

Employees

50 up to 249

Turnover

€10m - €50m

Funding

n/a

Wagenfelder Spinnereien GmbH

About this organisation

Main areas covered	Yarns, twisted yarns
Infrastructure	Winding spinning process
Certifications	ISO 9001, ISO 14001, ISO 50001
Keywords	Thermoplastic, thermoset
Memberships	Association of Northwest German Textile
