## About this organisation

### Machine translation

This organisation has been machine-translated based on data provided in German.

LOV GmbH was founded in June 1998 and was the first company to start operations in the new industrial park in Limbach-Oberfrohna in 1999. After several milestones in 2003, 2008, 2017 and 2020, LOV has developed into a contract powder coating and industrial wet painting company at 2 locations with over 60 employees.

Thanks to its broad positioning as a contract coating company, LOV has a wide range of certifications, memberships and authorisations. LOV is certified according to ISO 9001:2015 and ISO 14001:2015. This gives LOV access to contract coating/painting of products for mechanical and vehicle engineering, general industry, the energy sector and power plants. Thanks to its membership of GSB International e.V. as a quality association for the façade industry, LOV coats some very extensive façade projects. Last but not least, LOV has product qualification in accordance with DBS 918 340 for interior and exterior aluminium, which is the basis for coating projects for the rail vehicle industry. LOV is also an active member of the industry association VDB. LOV is also part of "Das Fertigungsnetzwerk" and can draw on expertise in constructive lightweight construction within this competence network.

Sachsenstraße 31  
09212 Limbach-Oberfrohna  
Saxony  
Germany

### Organisation type

Small or medium-sized enterprise

### Sectors

### Employees

50 up to 249

### Turnover

€2m - €10m

### Funding

# Limbacher Oberflächenveredelung GmbH

## About this organisation

<b>Main areas covered</b>	Contract powder coating, Contract industrial wet painting
<b>Infrastructure</b>	Industry-specific laboratory according to GSB
<b>Certifications</b>	ISO 9001:2015, ISO 14001:2015, DBS 918340 for aluminium (inside/outside)
<b>Keywords</b>	Powder coating, Wet painting, Coater, Contract painter, Railway authorisation
<b>Memberships</b>	VDB Association of German Railways, GSB International e.V.

## Overview of lightweighting expertise

### Machine translation

This organisation has been machine-translated based on data provided in German.

**Research**   **Development**   **Manufacturing & Supply**

### Offer

*Products*

*Services & consulting*

### Field of technology

*Design & layout*

*Functional integration*

*Measuring and testing technology*

*Modelling and simulation*

*Plant construction & automation*

*Recycling technologies*
