

# DEMA Dieter Enghausen Maschinenbau GmbH

## About this organisation

### Machine translation

This organisation has been machine-translated based on data provided in German.

DEMA Dieter Enghausen Maschinenbau GmbH is a Hanseatic company that can look back on decades of experience. In addition to state-of-the-art equipment, a well-rehearsed and highly qualified team, we offer you a solid solution for your task. We are your contact for the development, planning and construction of radiation protection systems and complex systems for automation, manipulation and handling technology.

DEMA has developed a press for a new type of injection moulding machine consisting of a so-called reactor and the hydraulic press for the production of lightweight magnesium components.

Ruwoldtweg 14  
22309 Hamburg  
Hamburg

### Organisation type

Small or medium-sized enterprise

### Sector

### Employees

10 up to 49

### Turnover

€2m - €10m

### Funding

### Main areas covered

Steel construction, Production, Assembly

### Infrastructure

### Certifications

### Keywords

### Memberships

# DEMA Dieter Enghausen Maschinenbau GmbH

## Overview of lightweighting expertise
